

RECOMMENDED CAF UNIT TO PROTECT YOUR RANCH

To protect your home we recommend the Tri-Max 120 CAF Wheel Unit for your Home and the Tri-Max 120 skid unit for your crops.

- The CAF Wheel Unit can be easily stored and installed. Installation and user training are provided in conjunction with our tri-annual testing and maintenance. Free annual inspection for the first year.
- Tri-Max 120 mobile units are skid loaded to easily transport to any area in danger. The unit was engineered to fit in the back of a full size one-ton pick-up truck or a trailer. The finished foam is environmentally safe and biodegradable.

For details please see the specifications for this model below.
